Kabala Cube

Different shapes hold and conduct different energies this is why the universe is made of sacred geometric patterns that are the blueprint for all existence such as the Platonic solids the five elements. Ancient temples were built using such knowledge to conduct different energies and is why they were built on lay lines.

Originally in Kabala the entire Jewish occult system is shown as a cube and the entire alphabet fits into this cube of space which also contains the five Platonic solids. The Hebrew Alphabet is the energy of their thought form they call god. And relates to the element of earth and that of Saturn which rules earth. This is the reason ancient altars were cube shaped as well it symbolized Saturn and earth.

This is what the tefillin the black box the Jews wear on their head relates to. It contains the Shema prayer which is a formula arranged with the Hebrew alphabet which is a series of charged yantras that ties into their energy matrix. The Shema sequence is what unites the Jew with their "god" in Judaism. This unites them and connects them into the energy matrix. Which is the cube.

THE KA'BA AND TEFILLIN CUBE SHARE REMARKABLE SIMILARITIES

The Jews state:

"The tefillin acts like an antenna that draws down a powerful spiritual force from these seven dimensions."

Here the same Kabbalist Jew tells us further on how this connects to the cube of Mecca:

"According to both Kabbalah and Islam, there are seven heavens, or seven dimensions in the spiritual world that directly influence our world. This is why there are seven notes of music, seven seas, seven continents and seven days in the week. We have seven layers of negativity within us and we want to bind and slaughter those selfish layers that make us treat others with disrespect.

The Zohar explains this is the secret behind Abraham binding his son Isaac. Each of us are required to sacrifice our ego for the sake of sharing with others. The tefillin act like an antenna that draws down a powerful spiritual force from these seven dimensions that negates and sacrifices the influence of our selfish nature and ugly ego. 99% of Jews have no clue that this is why we bind tefillin on our left arm. We use the left arm as the left embodies our ego and the negative (Isaac), whereas the right refers to the soul and the positive (Abraham).

Each year, Muslims embark on a pilgrimage (Hajj) to walk around the Ka'ba in Mecca seven times. This mirrors the process of binding our tefillin.

The purpose of Hajj for Muslims is to connect to the same event of Abraham binding Isaac (Muslims relate this to Abraham binding his son Ishmael).

The connection is profound. Only Kabbalah explains the true spiritual purpose.

Perhaps this is why the Ka'ba in Mecca is known as the House of Allah.

Ka'ba and Allah, as we know, spells Kaballah."^[1]

The process described is how the Muslims are unconsciously tying themselves into the Jewish matrix during this mass ritual. Seven is the number of Saturn. All Muslims must pray five times a day facing the direction of the cube in Mecca. They do this on the solar power points of the day to make the energies stronger to charge this though form.

And from Islam:

"Tradition goes that the Kaaba was ordained by Allah to be built in the shape of the House in Heaven called Baitul Ma'amoor. Allah in his infinite Mercy ordained a similar place on earth and Prophet Adam was the first to build this place.

The Bible, in the Chapter of Genesis describes its building when God ordained Abraham to erect a Shrine for worship when Abraham was ordered to go to the Southern desert with his wife Hagera and infant son Ismael.

The Old Testament describes this building as the Shrine of God at several places, but the one built at Ma'amoor is very much similar to the one at Makka. There is no doubt that it was referring to the stone built house at Makka.

Qur'an brought this story into the full light of history. In Sura 3:90 Qur'an says

“Allah has spoken the Truth, therefore follow the creed of Ibrahim, a man of pure faith and no idolater”.

The first house established for the people was at Makka, a Holy place and guidance to all beings. Qur'an firmly establishes the fact that Ibrahim was the real founder of the Holy Shrine. When Prophet Ibrahim built the Holy Shrine in Makka, his prayers were that this place should remain a center of worship for all good and pious people; that Allah should keep his family the custodians of the Holy place."[2]

This cube is also built to the dimension of six which is the number of binding of bringing down astral energies into the material and it also unfolds to form the six pointed star the symbol of Judaism. The above Islamic passage is important it shows that the Christian Religion and Islam tie into each other on the occult level and thus the Torah and Kabbalah. The city of Heaven is the New Jerusalem in the New Testament which is also given dimensions that relate to six. Which is to descend out of heaven to earth. Note the Islamic passages tie into the Torah and thus the Bible in Genesis as well. And the biblical characters such as Abraham and on. Jesus is even in the Koran as well as Essa with the tale of his divine birth and such and is a major character in Islam. The Islamic religion ties people into this Jewish thought form of Christ. Note; Mohammed is also described as being a Jew.

The tale of Abraham sacrificing Isaac also ties into the place of the Mecca Cube.

In the Talmud, Abraham actually does sacrifice Isaac in a blood sacrifice to Yahweh. Three days later Isaac is then resurrected by Yahweh. This ties into the thought form of Christ as well the ultimate blood sacrifice that is resurrected three days later. The reason for this here is, this ties into the actual ritual murders the Jews commit by what the Kabbalah calls sympathetic magic on the astral and charges the energy of the murders with more power. Islam has mass rituals devoted to offering up the blood of humans and animals as well into this. Note the three days for each. Three is the number of Saturn and the square of Saturn. Three days is also 72 hours. The 72 is the number of the cube as well. This is binding this in with the 72 names of the Jewish god which is shown as Metatron which is shown as the CUBE. The Christian ritual of communion ties into Jewish ritual murder direct as its a sympathetic enactment of how the Jews do this. Including the symbolic drinking of the blood and eating of the flesh while standing around the image of a ritually murdered person on a cross. This ties in unconsciously.

The cube for the Christians is the cross. In Kabbalah its admitted the cross of Christ is the Kabbalah cube this acts as the focus point for these energies to descend and channel through as well. Every Christian church has always had the cross at the front of the altar were the intention is directed during mass. In Kabbalah the cube unfolds into the Christian cross and is given six the number of bringing energy into the material.

The cube in Kabbalah also represents GOVERNMENT in the Jews case their world government they are working to manifest with the matrix of energy the spell of Christianity and Islam are generating

and feeding into the thought form of the cube of energy. Which is why the cube is the symbolic shape of the world government of the Jews and government is traditionally ruled by the concept of Saturn.

Remember the Hell Raiser movies with the cube that opens the dimension to an evil place that is a cube-shaped city, ruled by the Hebrew LEVIATHAN which is the symbol and banner of Yahweh and is actually the cube that opens the gateway and it communicates by the sound of a horn blast which sounds like the Jewish shofar horn they blow on their holy days..... And the once human beings who possessed by the Leviathan are spiritually twisted into evil creatures and try and turn earth into a realm ruled by the evil of Leviathan.....Yahweh.

Look at how the cube unfolds....

Wonder what someone was trying to tell people.

The Disgusting Truth Ritual Murder Is The Core Of Judaism And Christianity

In Judaism, the main rituals on the Jewish holiest of days Yom Kippur are based on ritual murder of animals as blood offerings. This is done to raise and direct energy as a form of black magic:

"One can deflect a detrimental condition, or event by transferring it to a substitute object or entity. This is the logic behind folk beliefs about offering sacrifices, but the Yom Kippur scapegoat offering. Another prime example in Jewish lore of a substitution ritual is kapparrah, in which one ritually transfers one sins to a bird, slaughters the bird.".....[1]

One can note from Jewish Kabbalah text on ritual magic along with the names of numerous Hebrew mantra's or divine names one of the practices is:

"Animal sacrifices, and even the consumption of blood from ritually impure animals."[2]

Note in the descriptions of the bodies of Gentile children that where found ritually murdered by the Jews it was noted the wounds on their bodies mimicked the crucifixion of Christ including in the case of William of Norwich the marks on the head where they inserted the crown of thorns. The holiest ritual of the Christian religion is communion where the Christians stand in front of an image of a ritually murdered man on a cross and then eat his flesh and drink his blood. The Jews created Christianity to tie the Gentiles into their occult control and energy matrix of YHWH. The Christian communion is a form of sympatric magic ritual that ties into the Jewish ritual murder which is the other side of the communion ritual:

"sympathetic magic is based on the metaphysical belief that divine forces are clothed in ordinary things and like affects like; that there are analogies to be made between symbolic acts and real events and that if things can be mentally associated, they can magically influence each other."....[3]

The Jews drink the blood of the victim and eat the flesh of the victim. Gentiles are called animals in Judaism and ANIMAL SACRIFICE AND BLOOD DRINKING IS PART OF THE JEWISH OCCULT RITUAL. Note many Jews have been recorded as having strange aliments only found in one other place on earth..... In New Guinea among the cannibal tribes. The aliments they get from drinking human blood and eating human flesh. Its obvious as to why the Jews are the only other people to have this. Judaism believes that certain foods like meat gives them the energy or sparks of the soul of the animal.

The disgusting Jewish movie "Sin City" directed by an obvious Jew, showed a character played by another Jewish actor cannibalizing women and this gives him superhuman like power from the

sparks or special energy of the victims. I wonder where the Jews might have gotten that ideal. They put this in the movies as form of sympathetic magic as well.

The Christian Ritual of communion is designed as sympathetic magic to the Jewish blood ritual that both connect in the astral and empower the energy matrix the Jews call their God. Who demands blood sacrifice as the highest offering in the Torah. In the Torah Jews are given five animals they are to sacrifice to Yahweh. Cattle is one of them.....The Jews call Gentiles “Goyim” which means CATTLE....
